Oh! Current of Life,
With thy jarring and str fe,
Thy banks were once curtained with drapery bright;
But the stream of my bours
Has iorsaken the flowers,
And wanders alone through the blackness of night.

Ob! River of Years, The zephyrs of Edul once sang to thy waves;
Now the winter wind 17378,
On thy desolate shores,
While thy shadowy depths are but merciless graves.

Thy waters roll down
To the sunless retreats of Etern ty's Sea,
Where the waves of the deep
Their dark vigils keep.
And muraur no more on the land or the lea. WILLIAM HENRY WADDELL. University of Georgia, October 31, 1868.

THE NEW REGIME.

Sharp Letter from Colonel D. Wyatt Aiken to Governor Scott Denouncing the late Arbitrary Arrest

COMESBURY, November 16, 1868. CONDENDAY, November 16, 1868.

Governor R. K. Scoll—Sir: On the morning of the 9th instant my house was entered by a posse, consisting of two deputies and three United States soldiers, armed as if they were about attacking a stronghold of brigands. One of the deputies, addressing me, said, "Colonel, I am sorry to say you are my prisoner." Upon questioning his authority, I learned he had a warrant, issued by Magisirate Solomon, of Columbia, to arrest me in Abbeville, and deliver me to Constable Hubbard in Columbia, upon the affidavit of said Bubbard, that I was accessory before the fact to the murder of one B. F. Randolph.

Eunder the old regime, this posse might have

Randolph.

**Bunder the old regime, this posse might have been defied, and the consequences would have been upon their heads, for attempting to execute an illegal warrant. But surmising that extraordinary powers had been conferred by the constabulary act of the recent Radical Legislature. I offered no resistance; hence was taken to Columbia, and without an examination was feloniously incarcerated and kept in close confinement for two days. Since my release I have carefully perused the "Act establishing a police torce," and discover that if this ambiguous act means anything at all, it simply means that the whole constabulary force have but concurrent authority with the other civil officers of the various counties, and the constabulary force have but concurrent authority with the other civil officers of the various counties, and

simply means that the whole constabulary force have but concurrent authority with the other civil officers of the various counties, and therefore Magistrate Solomon had not the semblance of authority to issue a warrant in Richland for my arrest in Abbeville.

Now, sir, this Chief Constable is an hireling of yours, and this venture of his to exercise autocratical, arbitrary and illegal powers seems to imply your connivance. If it does not, whence his assumption of power, and why no evidence of your restraining authority? Whence does he derive power to arrest me in Abbeville and jail me in Columbia? Whence his power to rescue Kelly from the hands of the sneriff in Camden, incarcerate him in Columbia, and direct the sheriff of Richland to shackle him, as he did while I was there imprisoned? Is this what is meant by the words of the act, which reads as follows: "Said Chief Constable of the State and Deputy Chief and Deputy Constables in the several counties shall at all times obey and execute the orders of the Governor in relation to the preservation of the public peace and the execution of the laws throughout the State."

Think you, sir, that if in the intenseness of your determination to preserve the public peace you should craelly treat a single unoftending citizen, you are appeasing the wrath of an oppressed but gallant people? Does the transcendant authority of our Executive justify acts of violence on the part of his hirelings? Are these deeds indicative of your future police? If so, sir, let me beseech you delay not to revoke that proclamation in which you speak

fy acts of violence on the part of his hirelegs. Are these deeds indicative of your future policy? If so, sir, let me beseech you delay not to revoke that proclamation in which you speak with hypocritical affection of "our beloved State," and once again proclaim "the State being without law is a law unto itself," and I am the State. I am told you are now beyond the limits of the State, and upon the eve of your departure you expressed a satisfaction at the peaceable condition of the State. Sir, were you of us, and not over us, you would readily discern that South Carolina has no peace but that which once "reigned in Warsaw," and should my conviction prove prophetic, that a rigid adherence to the tcheme of tyranny which you have inaugurated will redound with serious consequences upon the heads of higher officers than the Chief Constable of the State, you will not charge me with "being accessory before the fact," for the exasperation consequent upon such cruelty is widespread and not confined to a single race.

Very respectfully,

Very respectfully, D. WYATT AIKEN.

Weekly Review of the Macon Market.

Macon, November 16.—Trade during the week under review has been only moderate. The decline in cotton, and the indisposition of planters to sell at present prices, has restricted every sort of trade, and the transactions of the past week have been confined principally to the filling of small orders.

COTTON.—Our last report closed on a weak and unsettled market, with New York middlings at 22 cents. Prices declined another half cent on Wednesday, and they gree greatmaily weaker until Saturday, when middlings were sold at 21 cents. The market opened this morning at these figures, with a good demand, and a disposition to buy at prices that could not be obtained on Saturday. The offering stocks are very light, as holders are rot willing to sell at the quo ations. The receipts of to-lay were 350 bales. Shipments 140 bales. Sales 272 bales. We quote the market firm at the following prices: Low ordinary, 17; ordinary, 18; low middlings, 20; Liverpool middlings, 20½; New York middlings, 21. Weekly Review of the Macon Market.

The sales were \$7 2537 85 gross for good to heavy averages; but at the close they were offered at \$7 5037 60 for the best, 210 to 220 pounds; dressed hogs can now be had at \$9.

A NEW PRINCIPLE DISCOVERED

One Bottle of Resolvent is Better Than Ten Large Bottles of the Advertised Sarsaparillas, or Direct Diurctic Rem-

Physicians wonder at the extraordinary power of RADWAY'S RENOVATING RESOLVENT in curing the worst forms of Scrofulous, Syphiloid, Chronio Skin Diseases, and its marvelous power in resolving calculous concretions, affording immediate relief and consequent cure of Diseases of the Kidney, Bladder, Liver, Lungs, Pancreas, Spleen. Its rapid influence in the cure of Diabetes, Incontinence or scanty, turbid, albuminous, cloudy urine; its almost instant efficacy in stopping itching and painful discharges from the Uterus and Uretbra, Lucorrhoa, Bloody Urine, and other unhealthy and werkening discharges;—and inquire wherein the SARSAPARILLIAN used in the Renovating Resolvent differs from ordinary Sarsaparillas! Sarsaparillar is the only principle in Sarsaparilla that possesses curative properties; all other parts of the root are inert and useless. One ounce of the extract obtained under Dr. Radway's new process for extracting the curative properties; all other process for extract obtained unuer useless. properties from vegetable substances, contains more of the true principle of cure than twenty pounds of the ordinary roots.

SARSAPARILLIAN is only one of the ingredients that forms this truly wonderful medicine; and it is the only compensating remedy that communicates its purifying, cleansing and reinvigorating properties through the BLOOD, SWEAT, URINE, and other secretions, securing a harmonious functional action of every depraved organ and gland in the system. If the blood is corrupt, the Resolvent will make it pure. If the Langs are ulcerated and sore, secreting thick phlegm and prurelout matter, the Resolvent will loosen this deposit and repair the wasting lung with sound and healthy material. If the Skin is covered with pimples, spots, pustules, sores, ulcers, &c., the Resolvent will quickly remove these annoyances. If mereury is deposited in the bones and has accumulated in the system, the Resolvent will drive it out. If the Throat or Bronchial Glands are ulcerated, the Resolvent will cure these signs of an early waste. Direct remedies, possessing only exclusive properties, are huriful, as they increase the functional secretions of on-organ by suspending the constituent secretions of others; hence, a compensating remedy like the Resolvent is the only means of a permanent cure.

BEAR IN MIND THAT EVERY DROF OF BLOOD impregnated with the Resolvent and absorbed to supply the waste of the body, will make pure, sound

impregnated with the Resolvent and absorbed to supply the waste of the body, will make pure, sound and healthy flesh and fibre. The first dose that is taken commences its work of purification and in-creasing the appetite and flesh.

Taken internally, twenty drops to a teaspoonful would cure, and will cure. MY OWN CASE.

On Saturday night, the 19th, I was violently seized with Congestion of the Lungs. For a few days previous I felt a dull pain over my left lung, with occasional coughs, but being actively engaged, paid no attention to it. When seized, the pain was so piercing, cutting and exeruciating, that every breath drawn was lake a red bot kinke cutting my lung. Being absent from home, I sent out for three bottles of RADWAY'S RELIEF, applied the entire lot to my lungs, back shoulders, &c., and u a few moments got up counter-irritation. Respirations were easy, and, as the skin became reddened, all pain ceased. In half an hour I was free from pain, and all signs of Congestion, Infl. mmation, &c., gone. This is sa important cure. It is well that every one should know how to use this remedy in severe attacks. The same rulie holds good in cases of Indiammation of the Loins, Bowels, Kidneys and Stomach.
